

DLHONLINE

Boat Skip

Model: IBS

Description

These **Boat Skips** include a specific self-dumping system, used for general muck and waste removal. These high-quality skips perform efficiently and safely as they are lifted and empty automatically without the need of any assistance. This feature eliminates the risk of danger to the personnel or operative alike. Robust manufacture to suit the condition and environment in which the skips work.

Model	Nominal Capacity (L)	Capacity (kg)	Body Length	Body Width	Body Height	Overall Height	Lip Height	Weight (kg)
