- Davit carry bag provided
- Bearing mounted 360 degree pivot
- Powder coating on anodised aluminium
- 2 stainless steel shackles
- Maximum moment = 725 DaN.m.

## 300 kg Portable Lifting Davit

### BENEFITS

Removable, efficient and safe lifting solution, the CMU 300 Portable Lifting Davit improves the responsiveness of your teams.

Its aluminium structure guarantees optimal portability and facilitates interventions on hard-to-reach sites. A single man can take it to site, assemble and be ready to lift in minutes!

8 span-height pairs as standard. Ideal for lifting loads in sewage treatment plants, and generally anywhere where a standard lifting davit cannot be used. Choice of bases available - Cast-in, surface and wall mounted sockets
